

Moore Equity 5K NCPA Walking Route

Start at the NC Medical Society Building (222 N. Person Street, Raleigh, NC 27601).

From the corner of N. Person St. and E. Lane Street, proceed West on E. Lane Street past the Governor's Mansion (this is right across the street and will be in sight at the start of the walk).

Turn Left on N. Blount Street so you go right past the main entrance to the Governor's Mansion and then proceed past the Mansion to E. Edenton Street.

Go around the State Capitol Building:

Make a Right on East Edenton

Left on Salisbury Street

Left on Morgan Street

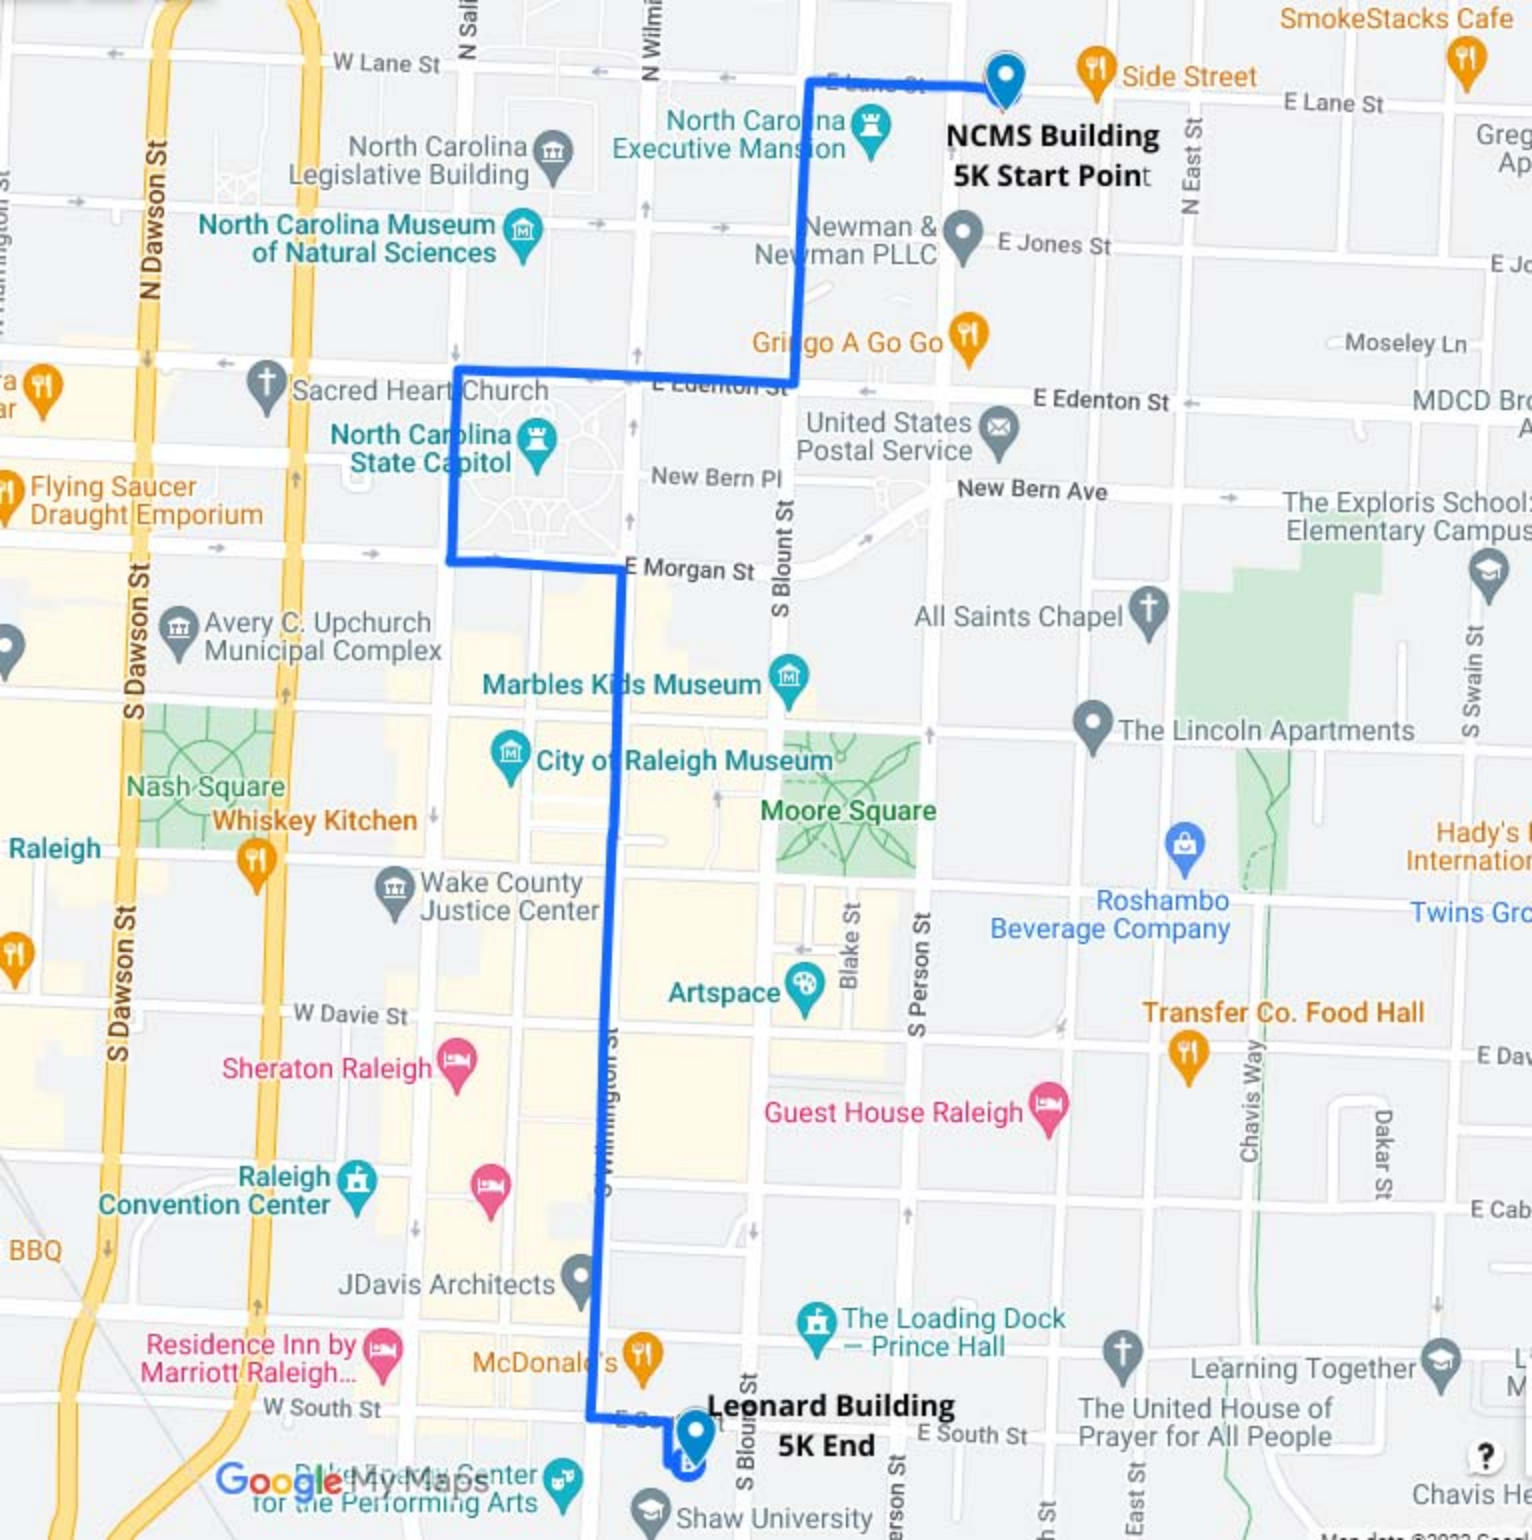

You will have walked around the block on which the Capitol stands- you may want to pay attention to relevant monuments on the Capitol grounds.

Then turn right on Wilmington St and keep walking south several blocks until you arrive at Leonard Hall. Technically, the address for Leonard Hall is 118 East South, Raleigh, NC BUT it faces Wilmington Street.

Note that Leonard Hall is on the property of Shaw University so that, even if you sat on the steps to rest, technically you are on Shaw property. We haven't been forbidden to sit on the steps but just be aware that you are on the Shaw Campus. We checked with the President's Office at Shaw and, although we should not enter the building, they are glad to have us come by and tell the story of the building from the sidewalk.

After that, you can walk straight back up Wilmington to Morgan, make a right turn on Morgan and then a left on Person. That will bring you back to the NC Medical Society!
